■ Introduction *about Lily Koo*

Lily Koo is renowned for innovative designs influenced by the classics and re-imagined for today's contemporary interiors. Our accomplished in-house Designers, Engineers, and Craftsmen are committed to creating high quality products aligned with current trends and client aspirations.

The Design Team envisions and curates designs chosen for their compelling style, comfort, and function. The Engineering Team translates the Design Team vision into physical form focusing on intricate design details and durability. Our highly skilled Craftsmen meticulously carve and hand apply stains, metal leaf and lacquer finishes to accentuate the beauty of the wood and the design

detail. Working together our teams bring Lily Koo's innovative designs to life.

Special order finishing and special order designs are available due to our fully integrated in-house teams. Please consult with your Lily Koo representative for further information.

Drawing on years of industry experience, Lily Koo is committed to ensuring consistent product quality and continuous innovation for sustainable growth. Strict quality control systems allow our skilled staff to monitor each piece through completion, ensuring consistent high-quality products that are built to last for generations.

■ Vision

“

To be the vanguard of innovative design, delivering exceptional interior furnishings to the design community worldwide.

”

Mission ■

“

To offer a curated line of innovative, high quality interior furnishings of outstanding value through personalized customer service, anticipating the customer's needs and treating their business as if it were our own. Without our customers, we cease to exist.

”

OUR COMMITMENT

“
Aspire, Innovate, Improve,
Deliver, Repeat
”

■ Our Atelier

Our designers, engineers and craftsmen draw on their extensive industry experience to create distinctive and timeless interior furnishings. As each unique piece progresses through our atelier, inspections insure that Lily Koo quality standards are maintained. Our entire team is committed to continuous improvement to guarantee product excellence.
